## World Day For Consecrated Life (February 2, 2020)

In 1997, Pope John Paul II instituted a day for prayer for women and men in consecrated life. This celebration is attached to the feast of the presentation of the Lord on Feb. 2<sup>nd</sup>. This feast is also known as Candle mass Day, the day on which candles are blessed symbolizing Christ who is the light of the world. So too, those in consecrated life are called to reflect the light of Jesus Christ to all people. Consecrated life is not about survival. But new life. It is a living encounter with the Lord in his people. It is a call to the faithful obedience of daily life and to the unexpected surprises from the spirit. ‘To follow Jesus is not a decision taken once and for all, it is a daily choice... otherwise Jesus becomes only a nice memory of the past.’ -

Pope Francis. Everything started with an encounter with the lord. Our journey of consecration was born of an encounter and a call. We have to remember that we can never renew our encounter with the Lord without others. We can never leave others behind, but must accompany one another daily, keeping the Lord always at the center. The mentality of survival makes us reactionaries, fearful, slowly and silently shutting ourselves up in our houses and in our preconceived notions. The temptation of survival makes us forget grace, it turns us in to professionals of the sacred but not fathers and mothers, brothers and sister, of that hope to which we are called to bear witness. Consecrated men and women are called first and foremost to be men and women of encounter. Indeed, the vocation originates from the grace of the Lord which touches through a life –changing encounter. And for us, as consecrated persons, this path takes the form of the rule, marked by the Charism of the founder. For all of us, the essential rule remains the Gospel, yet the Holy Spirit, in His infinite creativity also gives its expression in the various rules of the consecrated life. Let us allow the Holy Spirit to animate us and live the joy of being led by the spirit.

As we have consecrated ourselves to God by the vows of chastity, poverty and obedience, let’s pray that we may seek to live our baptismal promises more intensely and have the grace to persevere in our commitment to the Lord, serve with open hearts and willing spirits. **Have a grace-filled day recalling God’s abundant blessings and live our consecration to its fullness!**

## FIFTY YEARS OF GOLDEN MEMORIES FOR THE NIRMALA INSTITUTIONS – KADAPA

Fifty years have gone by in the life of the Nirmala English Medium High School and Nirmala Hospital, Kadapa. A colorful and memorable golden jubilee celebration took place on 28<sup>th</sup> to 30<sup>th</sup> of October in Nirmala campus, Kadapa. Many dignitaries and the past pupils graced the occasion with warm greetings and never dying memories. The JMJ nuns who worked here were proud to participate in the celebrations with all their love and concern for these intuitions.

“To liberate and to empower the children and the marginalized”, has been the vision and mission of the JMJs. With these noblest principles of life, to liberate and to empower, a humble beginning found its way

fifty years ago in this very campus in the form of two institutions. Today this voyage of fifty long years has marked a significant breakthrough in the history of Nirmala English Medium High School and Nirmala Hospital as they stitched a place for themselves both in the hearts of the people of Kadapa and in the legacy of JMJ Congregation. It was in 1969 that Nirmala English Medium School was established with the motto **Love, Joy and Service** to envisage the Charism of the JMJ Congregation which is “*Ever adaptable apostolic availability*”. And in the same year Nirmala Hospital was born in the same campus, **with a spirit of**

**Christian concern of love and compassion.** And this commitment continues in different forms in caring and healing ministry in the footsteps of our Lord Jesus for the sick, the suffering and the aged people.

To mark these celebrations, a thanksgiving holy Eucharist was offered on the first day by his Excellency, Most Rev. Gali Bali, D. D., the Apostolic Administrator of the diocese of Cuddapah. In his homily Most Rev. M. D. Prakasam, the bishop of Nellore, lauded the efforts of the JMJ nuns who were ever willing to extend their helping hand to the needy of the place at all times. Most Rev. Poola Anthony, the Bishop of Kurnool recalled the good memories he had with these two institutions. The Mother General Rev. Sr. Innamma showered praises on all the Sisters who worked hard to keep up the ever burning zealous torch of the JMJ Congregation. The Provincial superior Sr. Anthony Mary gave an unforgettable message to the teachers and the students. Two new buildings were blessed by the Bishops amidst fifty priests and number of Sisters who were present for this graceful occasion. The new buildings are built in memory of the golden jubilee of Nirmala English Medium High School. They look modern, spacious and trendy for the students to fulfill their different requirements in this computer age.

On the second day, the Deputy Chief Minister and the MLA of Cuddapah, Mr. Amjhada Basha was invited as the chief guest. As he himself is an *Alumnus* of Nirmala English Medium School, he recalled all the good learning he had in his *Alma Mater*. Many VIPs and the government officials were invited from the town and they all expressed their joy at these two institutions for their wonderful and dedicated services in the town of Kadapa. All the teachers and the Sisters who rendered their services in these institutions were invited and honored on the stage.

On the third day, the *alumni* of the school gathered and thanked their teachers and their colleagues for all the friendship and support they have enjoyed during their sojourn in the school. A beautiful and colorful cultural programme was arranged on the first two days. The school children performed varied and meaningful cultural items to mark the occasion. The campus was decorated and looked attractive with different colors. The students had a wonderful memory of the great occasion. The celebrations came to an end with a thanksgiving mass celebrated in the private chapel of the convent.

**St. Joseph’s Hospital, Santhapet, Nellore**  
**ISO Certificate**

Happy to inform you all that St. Joseph’s Hospital, Santhapet, Nellore has been assessed and found to be in accordance with the requirements of the quality standards ISO 9001: 2015 for the following scope of certification providing competent, innovative, qualitative and accessible emergency and acute health care services and facilities to the community and to restore Health Safety and Humanely. This certificate was issued on 09/12/2019. We pray that we continue to provide affordable and timely care to the needy with compassion and love.

**A Splendid House Of Prayer**

***“For I will restore Health to you, and heal you of your wounds, says the Lord.” - Jeremiah 30:17***

When we are overwhelmed with health problems, bad news or relationship struggles, the word of God can be our source of supernatural help. We believe, there is time for everything and for every activity under the heavens. Keeping this truth in mind, the management of St. Joseph’s Hospital, Nellore, brought in few alterations, in the infrastructure and prepared a beautiful, serene and

quite dwelling place for God by raising a new chapel in the place of MRD (Medical Record Department) having given a facelift to the unit, inaugurated it on 06/01/2020. May all those who enter in it experience peace, comfort and healing.

- *St. Joseph’s Hospital, Nellore*

## Rarest Honour...

Sr. Dr. Lillian Thekkoodan JMJ – a humble sister, renowned gynecologist, worked as a Professor at St. John’s Medical College for long, CO-Founder of MRCOG, Founder of National Doctor Sisters Forum, etc. has contributed much to the medical field and is famous for her Infertility Treatment and research work. Sister was among the audience to attend the Doctor’s forum in Kerala 2020. Mamooty was the chief guest and called to light the lamp. He immediately invited Sr. Lillian to the dais to do it instead of him. Great people are always simple & simplicity is their greatness, will never miss any chance to recognize & appreciate someone.

## Surpassing The Best

*'Challenge is a ladder to a person when one wishes to come up in life. Every achievement in this life has a story of perseverance behind.'*

We the family of St. Philomena's Hospital are delighted and feel proud to announce the yet another golden step in the quality journey of our institution in attaining the Award Certificate from Government of India for the Kayakalp Activities of the Hospital and gratefully acknowledge the efforts of many hands towards this unique and great achievement.

The Swachh Bharat Abhiyaan launched by the Prime Minister on 2nd October 2014, focuses on promoting cleanliness in public spaces. Public health care facilities are major mechanisms of social protection to meet the health care needs of large segments of the population. Cleanliness and hygiene in hospitals are critical to preventing infections and also provide patients and visitors with a positive experience and encourages moulding behaviour related to clean environment. As the first principle of healthcare is “to do no harm” it is essential to have our health care facilities clean and to ensure adherence to infection control practices. Swachhta Guidelines for Public Health Facilities are being issued separately. To complement this effort, the Ministry of Health & Family Welfare, Government of India has launched a National Initiative to give Awards to those public health facilities that demonstrate high levels of cleanliness, hygiene and infection control.

Our institution had the NABH renewal inspection in July 2019, during which the NABH assessors also evaluated the institute in terms of KAYAKALP checklists given by the Ministry of Health & Family Welfare, Government of India. In an elaborate scrutiny and observations, it was identified and rated that the Housekeeping, Infection control practices were excellent paving the way for this prestigious award. At an unexpected turn on 26<sup>th</sup> November 2019 a parcel from Quality Council of India took all of us by surprise and on unpacking it brought immense joy when we saw the Award certificate and our hard work was paid off. There is no better satisfaction than achievement. Let these achievements encourage us to accomplish higher goals and find fulfillment in accomplishing our mission by achieving what we are set out to do.

*– St. Philomena’s Hospital*

### **My Thrilling Experience...**

*“The human spirit is one of ability, perseverance and courage that no disability can steal away...”*

Here comes Sr. Sleevea Rani to express my gratitude to Sr. Anthony Mary and Council who has given me a opportunity to experience with differently abled children. They are like any other normal children. It was a great joy for me to visit the villages and many children who need our love and care. I really consider it as a privilege to serve their needs. I can confidently say that I am quite satisfied working with these children.

It is a reminder that a person with a disability is a person first, like everyone else they are complex, individual and can contribute wonderful things to our society. Having this thought in mind and heart of the organization, I strive to improve the lives of the individual with disabilities as well as understanding their specific needs and the progress made towards in improving their quality of life. Taking time to study the situation of children and youth with disabilities is a great way to

gain understanding about their life. And with understanding comes the breaking of stereotypes that have long surrounded the disabled community, formed by non-disabled people. We the organization break the barriers from the family and in the community through community based rehabilitation. We have made them to understand their ability through various programmes and therapies, in bringing out their skills, knowledge and talents in order to be equal as that of other children and siblings in all the areas of their lives. We also created a friendly platform to help those who are not disable and connect them with those who are. When we started the

programme one of the main fears was the non cooperation of the parents in the disability rehabilitation of the children. This is mainly because of the lack of awareness among the parents about differently abled

persons. They are of the belief that nothing can be done to them and there is no use in training them because these people are destined to be so. This is mainly because of the belief of the people of this region in destiny and fate.

To overcome this problem I organise awareness programmes and Family counselling to the parents and explain to them that mental retardation is a condition and not a sickness. Through training programme these children could be integrated into the mainstream of society. It was an excellent experience to work with these special needy children.

“All children are welcome to school, including children with disability”. I am really proud to say that I encouraged the parents to send their children to non formal education. Nearly 70 of these village children are going to school now. We do visit the schools where these children are studying and they have made noticeable progress. In the beginning children were finding very difficult to cope up with normal children. But slowly they have adjusted with the situation.

**Challenges of inclusion for students**

With every type of classroom dynamic, there are always challenges. Some common difficulties for both type of students, with disabilities and students without disabilities:

- Less one-on-one attention in a large group
- Students have trouble adapting to demanding learning environment
- Child may feel singled out
- Often paired with one-on-one aids that have little training

**Training program on physiotherapy through digital reach**

As new technologies are creating wonder in the world through digital services, Innovative Digital Service Programme is an innovative technology-centered programme which aims to enhance medical and therapeutic services to the children/youngsters with disabilities and their families. In this program the CBR workers are trained on physiotherapy with the use of internet and digital technology. I got training from physiotherapist and CBR workers also got training with the support of

a physiotherapist and applied the same to the PWD (People With Disabled) Physiotherapist based in CHAI- LF is guiding the CBR (Community Based rehabilitation) workers through online videos on a regular basis. Progress of the cases are monitored using digital technology. Through Tab I am sending online Videos and reports of children. Thus Digital reach can bring out real cost savings and can be made into an economically viable proposition just by saving unnecessary transportation of children & parents to hospitals & private therapeutic centers. Today I have great joy because children have improved a lot through this programme. As a JMJ sister, I am proud and happy to work with these special need children.

### World disabled day

At present, we are working in two talukas, namely K.R.Nagar and Hunusur. On **31<sup>st</sup> December 2019** we have celebrated 'The world disabled day' along with Education officers, teachers from other institute and special teachers were present for the program. Children from different villages with special needs and their parents also participated in the program. Guest speaker spoke mostly on

inclusive education and the problem encounter in joining the children in the schools, their rights were explained and the resources that are available for the person with disabilities. At the end of the program, the children were appreciated for participating in the sports events and small prizes were given to them. The children felt very happy and enjoyed the day. The education officers honored me for our good work that we are doing for poor special need children in different villages.

### Income generating Program

We have given 4 IGP to the parents of the children with disability who are very poor, unable to take care of their children due to poor economical background. Because of lack of financial support, parents are not able to take care of the children and find it hard to fulfill their needs. Therefore we have selected the parents who really deserve this support in order to sustain their children and fulfill their needs by being with them and doing the work through this IGP programme. These 4 parents of the children with disabilities are very much happy and grateful to CHAI-LF for the great support which they have offered to them to grow in economical status and to improve their livelihood and sustainability.

### *Out come of our programmes:*

- ◆ Parents are able to be with the child.
- ◆ Increased economical status.
- ◆ Parents are independent.
- ◆ They have become confident.
- ◆ The child lives in safe atmosphere.
- ◆ The needs are fulfilled by the parents and are able to understand the condition of the child.
- ◆ The community is inspired by the parents.
- ◆ Parents are able to save money for the child's future.
- ◆ Free from tension and worry.
- ◆ Family is happy.
- ◆ The mother teaches the child to learn the ADL skills since she is with the child all the time.

### CHAI-LF Visit

We were very happy to welcome Beulah Subha Chakra from CHAI-LF Secunderabad to Dornahalli on January 22 – 24, 2020. She visited a few villages where our children are at home and in the schools. She also visited the schools & colleges where our village special need children are studying and discussed with the headmaster regarding the performance of the children in the school. At the end of her visit, she appreciated and acknowledged our services to the people around.

### Conclusion

Community Based Rehabilitation has been demonstrated through several successful examples that they can be also victorious. A CBR programme is formed by one or more activities in one or more of the five components. The focus is providing new services as well as promoting inclusion of people with disabilities into existing services. CBR is delivered within the community to alleviate disability and enhance quality of life using predominantly local resources to ensure that the interventions are locally appropriate and low cost. It is implemented through the combined efforts of people with disabilities, their families, communities and the relevant services. We are very much grateful to God for giving us the opportunities to work for these children with disabilities through CBR approach. With this same attitude of gratitude, I thank CHAI-LF, our Provincial and Council along with the children with disabilities, parents and staff for supporting our children in all the ways to improve their quality of life and to have a hope for bright future.

- *Sr. Sleeva Rani Kommareddy JMJ  
JMJ Nivas, Dornahalli, Mysore.*

### An Encounter with Naga in a Cooking Pot

Ms. Varalakshmi had been married for one year, before becoming a divorcee. She returned to her parental home – travelled a different road, a path rockier than for others and she accepted it as the way of life. Put up a hut with the help of her brother and for the past thirty years stays alone and works as a manual worker. Last November, she returned home with a throbbing ache in the head. To redeem herself from the pain, she collected water in a pot, for boiling it – for she wanted to have an inhalation, went inside the hut collected a lid and covered it, the water boiled, put little *zandu* balm into the pot, took lungful of air, at the end of it all she emptied the pot – to her dismay she found a venomous snake in it, she was terrified, fear and anxiety gripped her, spent a restless night, face was puffed up, irritation and pain in the eye, ten days later with the help of her brother she arrived for treatment.

Sister sized this opportunity, a mission for which she is uniquely qualified – with compassion and courage. the impact has been profound. She is none other than Sr. Annie Raphael – slowly Varalakshmi regained her confidence to face her world with full of gratitude and satisfaction – to perform the small daily acts of greatness.

- *Sr. Leela Chellakudam*

## CHASE THE VISION...

*“If making movies was easier, there’d be a lot more good movies. So you kind of learn that if it’s just a good script, or if it’s just a good producer, that’s not always enough. You need an entire team of creative people coming together.”*

– Chris Evans.

This is what exactly happened on 30<sup>th</sup> November 2019 when 19 young, creative, dynamic sisters of Bangalore Province along with TPS Directress Sr. Amala Karnam came together to attend a seminar by Rev. Fr. Joe Abraham CSsR at JMJ Provincialate, Nagavara, Bangalore. The theme of the day was – **“Consecrated Life – a renewed vision for our times.”** At the onset of the session, Fr. Joe posed 3 questions: *What is the problem? What is the answer to the problem? What is the way to respond to it?*

Fr. Joe enlightened us to have a shift from:

- Vow of Chastity → Vow for Relatedness
- Vow of Poverty → Vow for Mutual Sustainability
- Vow of Obedience → Vow for Mutual collaboration
- Doing Ministry → Vision Ministry (Ministry of Compassionate Presence)
- Helping, developing → Touching hearts, transforming lives

Emphasizing on the life of Jesus, Fr. Joe explained:

- Jesus’ formation – Jesus had no syllabus, His model was Himself. He started with ‘Come & see’ kenosis (self –emptying) transformation.
- Jesus’ vision – Abba Experience (Abba Vision)
- Jesus’ goal – Transformation of Heart
- Jesus’ methodology (How) – He personally accompanied & challenged them on the journey – Crib, Cross, Eucharist.

Fr. Joe meticulously dealt on the topics such as Vision, Crisis in Religious Life, crisis in the world, the answer to the crisis, the way to respond to the crisis and questioned:

- ◆ *How does the world in crisis see us JMJs? As Visionaries (Pope Francis) or Functional People (efficient, practical, ethical)?*
- ◆ *Are we - doing oriented or Vision oriented?*
- ◆ *What am I forming for? For Mission (Catching fish: Functional) or to be a Mission (Catching Men: Visionary)?*

We were challenged to have the audacity to mark out new paths to proclaim the Gospel. Questions were given for group discussion and batch wise we discussed the same.

After the session, we had recollection talk on ‘Let Go.’ Fr. Joe put us into the mood of prayer, where we realized that when bad happens, there are 2 options – we either hold on or let go.

- **Result of holding on** – it plays in our minds like video. They weigh us down mentally, emotionally, physically and spiritually. We don’t let go because of fear, doubt, anxiety holds us back. I have to... I’ve got to... I need to... No other way...

- **Let Go** – let go of regrets, let go of should have/ could have, let go of putting life on hold, let go of yearning for the good old days, let go of believing it's your lot in life to suffer, let go of addiction to drama in your life, let go of unproductive/ negative thoughts, let go of unrealistic expectation, let go of setting impossible standards (perfectionism/ idealism), let go of pessimistic associations, let go of wondering what others will think, let go of trying to change others, let go of bitterness.

➤ **Process of letting go**

- Past cannot be edited or changed. Realize however much you try, it's over.
- Past cannot hurt unless you give it power. You can master it, not allow past to master you.
- You cannot control what happened but you have a **CHOICE** to control your reaction to the past.
- Stop blaming & complaining. Accept responsibility for your thoughts, feelings, actions.
- Focus on solution not problem.
- Put an end to the old (habits, thinking, attitudes, comfortable conditions...)
- Surrender to God's Power – Focus on God's Promise & goodness to transform you. Let our past not defile us, destroy us, deter us, defeat us, let it only strengthen us. Finally lets shift from problem to Pearl.

The recollection talk energized, recharged, refreshed, revitalized, rejuvenated our weakened selves. The talk was followed by the Sacrament of Reconciliation. Silence was continued till next day 1<sup>st</sup> December. Being first Sunday of Advent, Sr. Luviza conducted the morning prayer service very creatively using the symbols and pictures of Christmas.

At around 11.30am, Rev. Fr. Jerald D'souza SJ celebrated the Holy Eucharist and meaningfully broke the Word of God, how one needs to be watchful and waiting to receive the Baby Jesus in this present scenario. In the afternoon, quiz was conducted by Sr. Amala Karnam. We enjoyed and at the same time learnt many things too. Thereafter a short evaluation was held and chits were taken for Christmas Friend.

Every memory shared, even for a short time, is a treasure, like sunshine & warmth in our lives. Let these memories be locked deep within the storehouse of our souls as treasures to keep our hearts warm always. We take this opportunity to thank Sr. Anthony Mary the Provincial Superior and her Council, in a special way Sr. Luviza the Councilor incharge for formation and Sr. Amala Karnam for all their encouragement, support and keen interest in us. We also thank Sr. Rosy KC and the community for all the arrangements made for our comfortable and pleasant stay.

- **Temporarily Professed Sisters, Bangalore Province**

## A Tribute to our Deceased Sisters

### Sr. James Nirappil Puthenpura

*“I am not tired of my work, neither am I tired of the world; yet, when Christ calls me home, I shall go with gladness.” - Adoniram Judson*

Sr. James Nirappil Puthenpura hails from the village Mutholapuram in Kottayam district of Kerala. She was born on 22<sup>nd</sup> April 1938 to the pious parents of Late Verkey Devasia and Late Annamma. Her baptismal name was Elizabeth. Her parents were gifted with 10 children. She was the 7<sup>th</sup> child who grew in the atmosphere of piety, simple lifestyle and her Christian faith was nurtured through Sacrament of Eucharist and daily Catechism.

She completed her schooling from Primary to High School in St. Paul's Girls High School run by Sisters of Adoration Congregation. Inspired by Sr. Tresa Peter MJJ, she responded to God's voice and joined the Society of MJJ at Guntur in 1959. Her ardent desire was to be a good missionary, to work for the poor and the needy.

After her first vows in 1962, she rendered her services in various communities at different capacities namely Sattenapalle, St. Joseph's Hospital - Guntur, St. Theresa's Hospital- Hyderabad, Nirmala Covent-Kadapa, Porumamilla, Athani, Nellore, Siruguppa, Sivadi, St. Philomena's Hospital- Bangalore as a GNM Nurse, Lab technician, as a superior, correspondent, hospital administrator, Teacher for the blind students and a Social Worker.

All these places, she had been a committed sister of MJJ very specially her dedication is shown in the new mission in the care of the Visually Challenged children. She taught the truth and values of life with conviction and authority to the blind students. Her policy in life was to complete the task once begun and entrust to the person responsible. She was endowed with poetic thoughts, spontaneous fun-maker and jovial by nature. She was straight forward, systematic, respecting the authority because she believed in the words of Jesus that authority comes from God.

She wanted to be remembered as 'the one who prayed to God every morning for providing yet another beautiful day, as one could feel the fragrance of flowers and at the same time could see the beauty of weeds.'

On 18<sup>th</sup> November 2019 at 8.40 pm, an Angel came and took her by the hand and whispered to her, 'Your place is ready in Heaven' while sisters and the Priest prayed the Chaplet of Divine Mercy at St. Philomena's Hospital, Bangalore.

*May her noble soul rest in peace!*

## Sr. Josephine Chackery

*'I want to find a quiet place, to sit with God, to talk about the happy times and hope that makes Him smile.'* - Susan Smith

Sr. Josephine was born on 5<sup>th</sup> May 1936 and hails from Moorkanadu - a devout Chackery family to the pious parents Mr. Porinchu and Mrs. Annamma. Among the 9 children born to the couple, 7 were girls and 2 were boys. She was the sixth child. She grew up in piety in the happy family. As a result, 4 of them embraced religious life. While she completed her SSLC, Sr. Mathia and Mother Hedwiga visited her house and inspired her to join the nunnery as an aspirant at Guntur in June 1953. After her B.Sc. course, she was sent to Holland to study medicine.

Her deep spirituality, nobility of character, intellectual acumen and earnestness to serve God is highly appreciated. 'Jesus is my brother and Saviour', was her watchword. She worked in Gandhi Hospital – Hyderabad, Karuna Hospital - Bhilai, St. Xavier's Hospital – Ongole, Cortina Hospital - Chellanam and JMJ Hospital - Nagavara as a dedicated doctor. A great Gynecologist who used traditional methods for diagnosis and known for conducting normal deliveries which brought many more women for her treatment.

She led a self disciplined, systematic and orderly life that kept her active and alive in her mission. She was a champion of God and real example of authentic religious life. A woman of silence and wisdom just like her patron saint – St. Joseph. She was an inspiring soul, true to her commitment and faithful to her daily examination of consciousness. Her kind advice to the younger generation is to live our rich Charism more profoundly and faithfully, to stand firm in trials and tribulations with an unshakeable trust in the Lord and priority to personal prayer.

On 31.12.2019, she was admitted to St. Philomena's Hospital for Cardiac Dysfunction and later developed multi- organ failure. On 12.01.2020 at 3.00 pm she breathed her last.

*May her noble soul rest in peace!*

**A Tribute to Sr. Dr. Josephine. JMJ**

**ENJOY THE HEAVENLY BLISS!!!**

**Silent & Wise as Ur Patron Dear Sr. Josephine!!!**

**Great Faith in Almighty, Prayerfulness, Discipline, Dedication, & Hard Work Ur Hallmark!!!**

**Systematic & Meticulous, Organized & Orderly ,kept U going and growing gracefully in old age  
Contented and Peaceful , finding time for everything!!!**

**Sense of Service, Simplicity & Humility directed Ur Activities of Daily Life, less dependent on Helpers  
for your daily needs even in sickness!!!**

**Faithfully following the Religious decorum, Ur Convictions gained You ,Successful Religious,  
Professional & Missionary life!!!**

**Expert & Efficient Gynecologist Oh, Excellent Doctor U, are! yet Simple & Humble ,a model for all of  
us!!!**

**Ur Brain was the Ultra Scanner, Ur Physical & Internal Examination reported to you the full detail of  
your patients, The work of Ur Mind was par excellent , which no Modern Technology could ever  
replace!!!**

**Impossible became Possible and all Expected Mothers enjoyed a Normal Delivery in Ur  
Skillful, Miraculous, & Blessed hands!!!**

**Spirit of Self Control mastered Ur thoughts & deeds that saved U from making mistakes in life!!!**

**Dear Champion of God, JMJ lost a Great ,Cherished Treasure but We Trust in Ur powerful intercession  
for us to Heavenly Father. God is pleased with U, as He has invited U for Ur Eternal Reward!!!**

**Thank U So much... Dear Sr. Josephine for leaving an Inspiring, Cherishing & Exemplary life behind for  
all of us to reflect, meditate upon and follow..**

**WE MISS U VERY MUCH!!!!**

- Sr. Joyamma JMJ
